

Personal Assistance Meets Roadside Assistance

"My vehicle broke down when I was out of town on business. When I called the complimentary personal assistant I received from my bank, I was only expecting for them to call me a cab. Turned out that my plan came with roadside assistance. While a wrecker was in route, my assistant found me a rental car and a hotel.

Thanks Maestro!"

Services Include:	Price Comparisons	Reminder Service
Driving Directions	Ticket Procurement	Entertainment
Traffic Conditions	Phone Numbers/Addresses	Business Service
Weather	Personal Shopping	News/Sports Info
Dining Reservations	Travel Arrangements	Stock Quotes

And Now Roadside Assistance!

Maestro Personal Assistance now offers a top-rated road side assistance service that will complement any Maestro program you put together. The recipients of the Maestro Roadside Service will receive the benefit of one complimentary tow up to 50 miles no matter where they are in the country.

How do you add road side assistance to your program? It's easy! Just tell your Maestro representative that you want to add it. We will take the list of account numbers that are designated for your program and assign those accounts with the service. When recipients of the service call in to us as they usually would for personal assistance and tell us they need roadside assistance, our agents will recognize those as roadside assistance members and transfer those calls to our dispatch department to be helped immediately.

How much does is cost? Depending on the size of the program we are putting together, pricing will vary between \$0.50 to \$2.00 per account for an entire year of coverage.

Services Include

Flat Tire Change	Towing	Battery Jump Start
Lock-Out Service		Fuel Delivery
